

The first glimpse of any thing spiritual for me was when I was 5 years old. I was waking up in my bedroom as the sun flooded my windows and a man clothed in pure black was standing in my room. I could not see thru him. I later found out this was Lucifer. He has been in my life since a very early age. Many of my family then and now including my wife and children have seen him. Once my wife saw me being pushed down in the bed and vibrating and gasping for air. I forgot to bless the hotel room we were in. When I was 17 I was taken in the spirit to the temple in Salt Lake and Jesus showed me around and I Recieved instruction from the Father. At the time I was Baptist and Anti Mormon. I didn't know what to think. That was 1995. In 1996 I met the missionaries and was converted to the Book of Mormon and the Prophet Joseph Smith. I served a mission in 1997. When I came home I drove a semi truck over the Road until 2003. In 2003 I was Pondering over what it meant to have your calling and election made sure when I was caught up in the flesh to a high Mountain. While I was on the Mountain I entered into a temple that was there and went into the Holy of Holies. There I saw the Father and the Son. I felt their Bodies and was sealed up unto the Father. In 1997 I got my patriarchal blessing where I was told that I have been given the greatest gift that God has to bestow, the gift of eternal life. When I asked God how this could be, he told me its not because of who you are in this life, its because of who you were in the spirit world. While I was with Jesus I was allowed to ask him certain personal questions and he gave me instruction as to what he wanted me to do. Even though the place where I was looked like near where I grew up. I don't believe it was on this earth. He told me that I would be going back down on the earth to fulfill my mission and that I must continue to learn and grow and become the Servant He needs me to be. That was all in 2003. That was the only time I saw them face to face in the flesh. I have had dreams with them in it. But they are not the same. There is a lot more detail. But it is to long for this place.

One thing I would like to say is that God is No Respector of Persons and I believe if people seek him like I did. They will see him like I have. I know I am not the only one. I know others who have seen him. But I won't out them. They can tell there story if they want. For many years only my family and close friends knew this about me. But in 2013 Heavenly Father told me to share my witness, so I do. But God deserves the glory. I am only a foolish man who screws up all the time. But has been forgiven and Loves God with everything that I am.

My Mother in law reported to my stake president that I believed in the principle of Polygamy Although I do no live it, and that I have seen Jesus Face to face and spoken with him and hugged him. I was then called into the stake presidents office and questioned. When I told him my experience he called me a liar and became very angry. I told him that once of the GA's had interviewed me about my experience back in 2004 and he could write a letter to the GA and ask him. He never did. He just

insisted that I was a bald face liar. I wasn't even allowed to attend my excommunication. Since the time of my excommunication I have used my priesthood to Heal the Sick and make the Lamé whole. I have commanded the elements to obey my voice and it has happened. I have prayed the rains come to a drought stricken area and it has rained. I have baptized and confirmed for the gift of the Holy Ghost and also conferred priesthood, and have even been instructed by the voice of the Father to seal up things unto him and it has happened. The LDS church has been on the slippery slope of Apostasy for a very long time. But their actions do not have a consequence on the true humble followers of Christ and the Father. Remember, the church of Jesus Christs day Excommunicated him as well. But The Father did not recognize the church because the church lost all authority when they did what they did and the LDS church has lost any authority they once had when they do what they are doing. Remember, God sends a servant to Gather the Wheat out of the people so he can burn the rest. What part of section 121 don't people understand?

The GA's are just Jealous that so many common person members are seeing Jesus and the Father, and angels Face to Face, in Visions or in dreams and they are not. The whole 'Its to sacred to talk about' crap is what they made up so some member wouldn't upstage them. I know many many people who have seen Jesus Face to Face. I myself have touched him and spoken to him. My wife has seen him and the Father and Joseph in Dreams. My friend saw him when he was 13. He Hugged him. He wasn't even a member of the LDS church at the time. Many have messaged me privately about their experiences. The Control freaks in charge of the church have all lost what they thought they once had, but little do they understand, the higher priesthood was never restored to the church after they lost it before 1842 and when Heber J Grant was in charge he stopped everyone from conferring priesthood from 1921 to 1957. They only Ordained to offices with no priesthood conferral. In Daniel 12 it speaks of a man clothed in linen scattering the power of the Holy people. He raises both hands to the air to do this, a sign of Melchezedek. I believe this prophecy has been fulfilled in our time. But These men who control the way they do it either lost it long ago, or they never had it at all.
